

Description

AIS INOX M1 press fittings are suitable to connect multilayer pipes PERT-Al-PERT for cold and hot water and heating applications. These big dimension fittings are suitable for large buildings such us Hospitals, Industries, Commercial big surfaces...

Technical Properties

- Modular system: you can make different connections with a few range of fittings!
- Stainless steel: all parts are produced by certified stainless steel AISI 316 and AISI 3161.
- **Dimensions:** we cover big dimensions up to 110
- Suitable for drinking water
- Easy assembly: our new design of the profile allows you to introduce the pipe into the fitting easily without extra-efforts
